Civil Rights Test Vote Set For Tuesday

Senate Foes Agree To Let Bill Come Up

Opposition Leader Concedes No Hope Of Barring Measure

WASHINGTON, July 12 (AP)—Southern opponents of the civil rights bill agreed in the Senate today to allow a vote about 6 p.m. Tuesday on a motion to bring the measure to the floor for action.

All signs pointed to adoption of the motion, which would constitute a major, though strictly preliminary, victory for Northern supporters of the bill.

Sen. Russell (D-Ga.), leader of the Southern opposition, conceded he has no hope of preventing the bill from coming before the Senate.

He said his bloc agreed to let the bill come up because it feels there is a good chance of winning changes that will make it more palatable—even though still objectionable—to the South.

Five Days Of Debate

Unanimous Senate agreement to vote Tuesday came after five days of debate in which the civil rights bill was defended as progressive legislation and denounced as an attempt to return the South to the Reconstruction days that followed the Civil War.

The legislation would set up a civil rights commission to make a two-year study of civil rights problems. It would also create a civil rights division in the Department of Justice and head it up with an assistant attorney general.

A section which Southerners have attacked repeatedly would permit the attorney general to seek federal court injunctions against any violation or threatened violation of voting rights or other civil rights. Violations of these injunctions would be punishable as contempt of court, without jury trials. Southern senators are (Continued on Page 2, Col. 1)

Green, Senate Dean, Collapses

WASHINGTON, July 12 (AP)—Sen. Theodore Green (D-R.I.) 89-year-old chairman of the Senate Foreign Relations Committee, collapsed tonight at a reception at the Pakistan Embassy.

He recovered consciousness after a short blackout.

A doctor said the senator apparently was suffering from "exhaustion."

He slumped as he stood on a veranda.

Doctors were summoned by the Begum Sulaiman, daughter of the Prime Minister of Pakistan, from among the several hundred guests at the reception.

The senator was carried from the veranda to the living room of the embassy where he regained consciousness.

The senator's face was ashen gray but after a 15-minute rest the color came back to his cheeks and he was able to sit up and take a few steps without assistance.

The senator regained some of his normal cheerfulness before leaving. When asked by newsmen whether he had been working too hard, he said, "That's it."

Baltimore Hotels Open Doors To Negro Athletes

BALTIMORE, July 12 (AP)—The Hotel Association of Baltimore announced today its members had approved a policy of admitting Negro baseball players and convention delegates.

The association includes all major hotels in the city. They had been urged by Gov. Theodore Mc-

Karim, Prince Aly's Son, Successor To Aga Khan

Ismaili Ruler Is 20, Student At Harvard U

GENEVA, July 12 (AP)—The late Aga Khan bypassed his two princely sons and named his handsome 20-year-old grandson, Prince Karim, to the throne of the 20 million Ismaili Moslems. The old Aga's will held he was best suited to cope with the atomic age.

The new monarch, a Harvard University student, said he hoped to complete his senior year studies.

"I don't know whether I'll be able to go back to Harvard," he said in an interview. "But I certainly hope to, and hope I can room again with John Fell." John Fell Stevenson is a son of Adlai Stevenson, twice Democratic standard bearer in the campaign for the United States presidency.

The athletic, serious-minded Aga Khan IV is the elder son of Prince Aly Khan and his first wife, daughter of a British baron. Karim is thus of Persian-Italian descent from Aly and half English through his mother.

The choice of Karim as Imam of the wide-spread Ismaili sect in Asia and Africa was announced tonight. Aga Khan III died yesterday in his Swiss villa at 79.

Sadrudin in Pettish Mood
The old Aga Khan had reigned for 71 years, since he was 8, and by naming Karim apparently aimed to extend his own direct line as far into the future.

Prince Aly, 46, was not visibly affected by the bypassing but his Brother Prince Sadrudin, 24, was in a pettish mood as the news became known. Both the elder princes are planning new marriages.

Karim immediately became Aga Khan IV.

A statement issued for the family said:

"The Aga Khan wrote in his will the following: 'In view of the fundamentally altered conditions in the world in very recent years, due to the great changes which have taken place, including the discoveries of atomic science, I am convinced that it is in the best interests of the Shia Moslem Ismaili community that I should be succeeded by a young man who has been brought up and developed during recent years in the midst of the new age and who brings a new outlook on life to his office as Imam.'"

Widow, Elder Sons Heirs
A family spokesman said the Aga's decision on his succession had no effect on the normal Moslem law inheritance of the Aga's great but unestimated fortune.

This means that the old Aga's heirs are his widow, the begum, and Aly and Sadrudin.

Karim is a handsome, athletic and serious young bachelor.

As a student at Switzerland's Le Rosey School, between Geneva and Lausanne, he was outstanding in tennis, skiing—and his studies.

He also took an unusual interest in world affairs. As a Le Rosey senior in 1954, he showed particular interest in Russia.

Appointed To House

BALTIMORE, July 12 (AP)—Mrs. Katherine Looze was appointed by Gov. McKeldin today to fill the unexpired term of her late husband, Del. Frederick L. Looze Jr., in the Maryland House of Delegates.

Looze, 46-year-old Democrat from Baltimore's Sixth Legislative District, died last month after an extended illness. His term expires in 1958.

Keldin of Maryland and Mayor Thomas D'Alesandro to lift their racial barriers.

Harold I. Fink, manager of the Southern Hotel and president of the association, said the policy change was approved yesterday in a series of calls between hotel officials.

Nelson Busick, president of the Lord Baltimore, said that hotel, where six of the seven visiting American League teams stay, will adopt the policy.

"There was a lot of pressure and we felt we had to go along with the way the public felt," said Busick. "We'll particularly stress conventions and ballplayers and do it a step at a time. It was just a question of time. We all know this."

Otis G. Clements, vice president and general manager of the Hotel Emerson, where the New York Yankees stay, said Negro ballplayers will be admitted. He said the question of convention delegates "is something to be discussed when it arises."

Clinton Trial Defense Loses Charter Fight

KNOXVILLE, Tenn., July 12 (AP)—Southern defense lawyers fought bitterly today—and lost—in an attempt to block admission of a copy of the Tennessee White Citizens Council charter as evidence in the Clinton segregation trial.

U. S. Dist. Judge Robert L. Taylor admitted the black-bordered document into the record despite shouted defense protests that it was "highly inflammable." Later, defense attorneys made light of the government's victory, and jocularly compared a White Citizens Council meeting with "a hamburger fry."

Defense attorney Grover S. McLeod of Birmingham, Ala., who let the clamor of protests against admitting the document, told a reporter:

"I object to the government's inference that it's a crime to belong to a White Citizens Council. Why, I belong to a White Council myself. Thousands of us do."

The allusion to a hamburger fry stemmed from testimony by Clyde King, 23, of Clinton, Tenn., which was the scene of fierce racial tensions late last year.

King said he was a charter member of the council, along with John Kasper, 27, a Northern segregationist leader, Clyde Cook and others. Kasper and Cook are among 16 defendants on trial for criminal contempt, for alleged violations for a federal injunction against interfering with court-ordered integration of Clinton High School.

Read aloud in the courtroom, the council charter said that, among other things, it was organized "to promote harmony and better understanding of all races." Ripples of laughter swept the courtroom at this description of the strongly pro-segregationist councils.

Seven Railroad Engineers Fined \$10 For Speeding

LANCASTER, Pa., July 12 (AP)—Seven Pennsylvania Railroad engineers were fined \$10 each last night on charges of speeding their trains through Columbia, a community of 12,000 about 10 miles west of here.

Police said a check made between the hours of 7 p.m. and 10 p.m. on June 18, 19, 20, clocked the engineers at speeds varying from 32 to 45 miles an hour. The speed limit is 10 miles an hour.

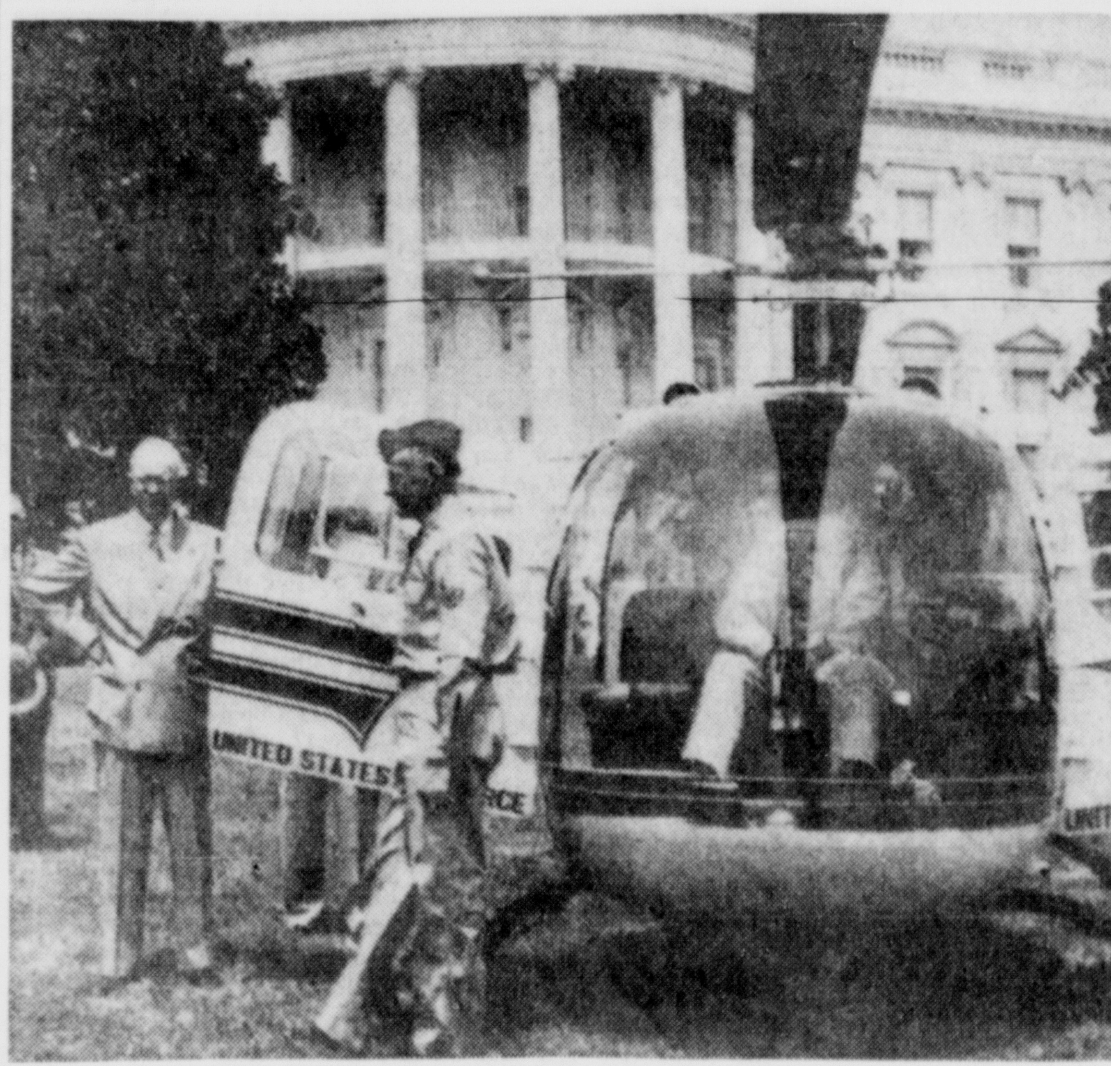

Enforcement of the speed limit ordinance passed 49 years ago, is the latest step in Columbia's seven-year-old feud with the railroad over demands for signal lights at the crossing on Front Street, the town's main drag.

The borough council wants the PRR to pay all the estimated \$18,000-\$20,000 cost.

Greek Judges Reject U. S. Airmen's Plea

ATHENS, July 12 (AP)—A panel of Greek judges today rejected an American airman's plea that he be tried by U. S. courts on a charge of accidentally killing a Greek member of Parliament with his automobile.

The council of judges of the Athens tribunal said Airman L. C. Marion Musilli, of Benwood,

Girard Certain He'll Get Fair Trial In Japan

CAMP WHITTINGTON, Japan, July 12 (AP)—William S. Girard says he's sure he will get a fair trial in a Japanese court, and believes he will be acquitted.

The American soldier expressed gratitude today for the efforts made on his behalf in the United States. But now that the U. S. Supreme Court has affirmed the right of the U. S. government to turn him over to Japanese custody Girard let it be known through his Army legal adviser that he doesn't want any more outside assistance.

Girard's trial, on manslaughter charges in connection with the death of a Japanese woman on a U. S. military firing range last Jan. 30, will open at Maebashi Aug. 26 before Dist. Judge Juzo Kawachi. The judge has promised the Army specialist from Ottawa, Ill., a fast and fair hearing.

Girard and his Army legal adviser, Maj. Stanley Levin of Hollywood, Calif., told reporters how they felt about the situation in the wake of the Supreme Court decision.

Girard said he thought the jurisdictional fight waged on his behalf by his brother, Louis, of Ottawa, and his American attorneys, was worthwhile. But asked if he needed any more help from his American attorneys, he replied: "It looks to me they've done all they can do."

Maj. Levin had said in an earlier statement that Girard "has declined other offers of assistance and will continue to do so if they are made."

W. Va., will be tried by Greek courts. Musilli and his attorney had attacked the Greek courts' jurisdiction.

Musilli was arrested May 31 after his car knocked down Stephanos Saraphis, a retired Greek general, and leftist deputy. Saraphis' English-born wife was injured seriously.

The council of judges of the Athens tribunal said Airman L. C. Marion Musilli, of Benwood,

Becks Are Indicted For Grand Larceny

SEATTLE, July 12 (AP)—County grand jury indictments for grand larceny were returned today against Teamsters' Union President Dave Beck and his son, Dave Beck Jr.

The one count against the union leader and two against his son alleged they took for personal use the money from the sale of union-owned Cadillac cars.

It was the second grand jury indictment in less than two months against the 63-year-old union leader. He was indicted previously by a federal grand jury for alleged income tax evasion. He has pleaded innocent to the charge.

Both indictments today were secret. The charge against Beck Sr. was disclosed first after he surrendered at the office of Prosecuting Atty. Charles O. Carroll before noon.

The son, who had been reported

working in an adjacent county, surrendered about two hours later. The indictment against Beck Sr. accused him of "wilfully, unlawfully and feloniously" appropriating \$1,900 to his own use from the 1956 sale of a 1952 automobile of the Western Conference of Teamsters.

The counts against the son alleged larceny in the 1954 sale for \$1,850 of a 1951 car belonging to the Seattle Joint Council of Teamsters and the 1955 sale for \$2,800 of a 1953 car owned by the Western Conference of Teamsters.

Father and son were released on \$3,000 bail each.

Both declined to comment on the charges.

Beck Sr., smiling and jaunty, told newsmen: "No comment now, boys. I'll have a press conference later in the office."

The Becksons were booked, "mugged" and fingerprinted at the county jail.

The indictments followed the appearances of both men several weeks ago before the Senate's Rackets Investigating Committee in Washington. Both repeatedly invoked the Fifth Amendment in questions on the grounds that answers might be incriminating.

322 Dead And 180 Missing In Tornado

LAKE CHARLES, La., July 12 (AP)—Sheriff Henry Reid said the total of dead and missing in the Hurricane Audrey disaster topped the 500 mark today.

He said 322 bodies have been recovered and the list of missing now is 180, for a total of 502.

Sheriff Reid emphasized this took into account only Cameron Parish and included only bodies either brought to Lake Charles or reported to his office after burial elsewhere.

Hypothetical Attack Wipes Out 100 Cities

Eisenhower 'Flees' Washington In Grim Disaster Rehearsal

(By The Associated Press)
Make-believe enemy bombers roaring in across Canada Friday touched off a nationwide practice air raid alert. Before it ended, more than 100 American cities were hypothetically crushed by the awesome force of imaginary nuclear bombs.

The grim coast-to-coast rehearsal for disaster was led by President Eisenhower. With key aides he fled Washington by helicopter only an hour and 13 minutes before a simulated hydrogen bomb hit Union Station, only a few blocks from the nation's Capitol.

The President was whisked to a secret hideaway, there in theory to rally a grievously devastated nation.

It was the fourth annual nationwide Civil Defense training exercise.

Although officials hailed it in general terms, it was not an unqualified success.

Two Cities Jump Gun

Albany and Elmira, N. Y., jumped the gun with premature alerts and all-clears.

In New York, many residents lent only half-hearted cooperation to the exercise. Ten pacifists refused to take cover and were arrested and sent to jail for 30 days. They also had refused to take part in the last public alert a year ago.

The first alert was flashed over the national air raid warning system from Colorado Springs, Colo., at 12:01 p.m. EDT. It reported an imaginary flight of enemy bombers believed headed for St. Paul, Minn.

However, the first bomb fell in theory on Des Moines, Iowa, and wiped it off the map. It was not until a half hour later that simulated raiders reached St. Paul.

As the Colorado Springs warning hit the coast-to-coast network, New York State Civil Defense Director Clarence Huebner alerted his forces with the clipped declaration:

"This is war."

Cities "Dead" 15 Minutes

Although the planes were imaginary, the shadow cast by their passing was fantastically real. One after another, American cities in their path fell silent, their streets deserted, their many-faceted industrial apparatus halted. For 15 minutes in turn these towns and cities lay as though dead beneath the make-believe ferocity of nuclear warfare.

Then, one by one again, they returned to life and their residents went about their business in areas serenely untouched by the fury of destruction.

But, had the raid been real, there would have been no return for uncounted millions of casualties. And the target cities would have been uninhabitable heaps of debris.

President Eisenhower, before he left Washington, had in theory set up a state of national emergency, alerted military and Civil Defense units, and created a war agency to supervise price, wage, rationing and manpower controls.

Yesterday's first phase of the test was to check Civil Defense on the local level and to remind civilians of the need to take cover. This exercise will last three days, although public participation was limited to only 15 minutes.

China Visit Disappointing, Blackwood Plans Return

HONG KONG, July 12 (AP)—Back from a disappointing 2½-month visit to Red China, American Donald J. Blackwood declared tonight he wants to get back to the United States as soon as he can.

When he gets there, he said, "I will probably work for my father," who operates a chain of restaurants in and near Cincinnati, Ohio.

Blackwood, 25, his Korean wife and infant son arrived in Hong Kong less than 24 hours after he was expelled by the Chinese Communists as an "illegal immigrant" because he slipped into Red China unannounced April 28.

Chatting with reporters, Blackwood said he was "sadly disappointed in the trip—in fact the whole affair." He called it "an irresponsible gesture on my part, and I am sorry I made it."

being watched all the time without seeing anything."

Blackwood's father, James had previously employed his son in his baking department before Donald returned to South Korea as a civilian. The elder Blackwood came here in May in a vain effort to find out what had happened to his son.

Young Blackwood noted that there are "technicalities that have to be cleared up" before he could return to America. He said one of these was obtaining a visa for his Korean wife and getting his clearance from the American consulate in Hong Kong.

FBI Agents Back Up Story Of Hoffa 'Spy'

WASHINGTON, July 12 (AP)—Four FBI agents today corroborated testimony of John C. Clevley, who played "spy" for union leader James R. Hoffa while working for the Senate Rackets Investigating Committee.

During cross-examination of one of them, defense attorney Edward Bennett Williams complained that rulings by U.S. District Judge Burnita S. Matthews "foreclosed" him from asking questions as to whether there might have been wiretapping in the case.

Her voice rising, Judge Matthews said: "You are not being foreclosed. If you have any means of showing wiretapping in this case you are at liberty to do it."

Three of the agents denied repeatedly that they or anybody else working on the investigation used "monitoring, recording, or intercepting equipment of any kind." The fourth agent, who drove a taxicab used by Clevley, was questioned about wiretapping.

Nimitz's Son Will Quit Navy; Pay Too Small

NORFOLK, Va., July 12 (AP)—Capt. Chester W. Nimitz, Jr., 41, said today he will resign his commission Aug. 1 and accept private employment because his pay has not kept pace with living costs.

The son of the famous World War II Pacific Fleet commander now is in the hands of the Republicans. "The whole civil rights fight now is in the hands of the Republicans," Powell said as he left on a European and African tour. The Harlem congressman announced his support of the Republican ticket in the last election although he was a Democrat.

Rep. Powell Sees Indication Nixon Could Win In '60

NEW YORK, July 12 (AP)—Rep. Adam Clayton Powell (D-N.Y.) said today that the course of the civil rights bill indicated that Vice President Nixon could win the presidency in 1960.

"The whole civil rights fight now is in the hands of the Republicans," Powell said as he left on a European and African tour. "The way things are moving now, I don't see how Nixon can be stopped for next president."

The Harlem congressman announced his support of the Republican ticket in the last election although he was a Democrat.

Two Boys Face Racing Charges In Fatal Crash

SALISBURY, July 12 (AP)—State's Atty. Hamilton P. Fox today charged two youths with racing automobiles on a public highway—the charges growing out of an accident which killed one youth and injured another Wednesday.

David Townsend, 19, of Salisbury, died yesterday of internal injuries. The car in which he was riding with Martin T. Bohler Jr., 19, ran off the road and overturned several times in a field.

Bohler, the driver, was hospitalized with neck injuries. He is to be released today or tomorrow.

Fox said Bohler and Gerald Bogage, 17, of Salisbury, will be tried next Wednesday on racing charges. Fox said Bohler also faces charges of reckless driving.

Fox said he has no information the cars were racing at the time of the accident although they were traveling at a high speed and had been racing a few minutes before.

"I have information that shows three automobiles were involved and the three were drag racing," Fox said. Drag racing is when two or more cars start from a standstill and try to outdistance the other.

Fox said this sequence of events lead up to the accident.

Bohler and Townsend, Bogage, and two others youths who were not charged met at a restaurant Wednesday night and were talking "who had the fastest" car.

They were out on Anderson road about a mile and a half west of Salisbury.

Fox said Bohler and Bogage took off from a standing start at a high rate of speed.

They raced for about a mile stopping just before the road makes a sharp right-hand turn. Fox said. The roar of their motors was heard by residents living a mile away, he added.

The two then turned around and started back to where the third car was waiting.

Bohler lost control of the car, struck a soft shoulder, swerved back across the road and ran about 200 feet through a field and yard, overturning several times.

Rainbow Vets Open Reunion

BALTIMORE, July 12 (AP)—Some 700 veterans who served in the famous 42nd Infantry, Rainbow Division, in two world wars, trooped into Baltimore today for their 39th annual reunion.

Missing were such division luminaries as Gen. Douglas MacArthur and Brig. Gen. William J. (Wild Bill) Donovan, neither of whom were able to attend, and the late Father James P. Duffy, chaplain of New York's "Fighting Irish" 165th Infantry.

However, two of the military's top civilian bosses, Secretary of the Army Wilber M. Brucker and Deputy Secretary of Defense Donald A. Quarles—both Rainbow Division veterans of World War I—had places in the three-day program.

Brucker, a captain in the 166th Infantry from Ohio, is staging an exhibit of Army might, a review and supper for division members at nearby Ft. Meade tomorrow. He also will be master of ceremonies at the reunion banquet Sunday night.

Quarles, a captain in the 149th field artillery, will be the main speaker at the banquet.

Melvin N. Horne, national president of the Rainbow Division Veterans Assn., will speak at a memorial service Sunday.

The veterans from 40 states, many here with their wives, were urged at today's opening session to do something about the growing tendency in government to release "less and less information" about defense expenditures.

A Miami Beach 10-year-old found the joke was on him when he tried to read a comic book while riding his bike. He was slightly injured in the resulting crack-up.

Missing were such division luminaries as Gen. Douglas MacArthur and Brig. Gen. William J. (Wild Bill) Donovan, neither of whom were able to attend, and the late Father James P. Duffy, chaplain of New York's "Fighting Irish" 165th Infantry.

However, two of the military's top civilian bosses, Secretary of the Army Wilber M. Brucker and Deputy Secretary of Defense Donald A. Quarles—both Rainbow Division veterans of World War I—had places in the three-day program.

Brucker, a captain in the 166th Infantry from Ohio, is staging an exhibit of Army might, a review and supper for division members at nearby Ft. Meade tomorrow. He also will be master of ceremonies at the reunion banquet Sunday night.

Quarles, a captain in the 149th field artillery, will be the main speaker at the banquet.

Melvin N. Horne, national president of the Rainbow Division Veterans Assn., will speak at a memorial service Sunday.

The veterans from 40 states, many here with their wives, were urged at today's opening session to do something about the growing tendency in government to release "less and less information" about defense expenditures.

A Miami Beach 10-year-old found the joke was on him when he tried to read a comic book while riding his bike. He was slightly injured in the resulting crack-up.

Ike 'Flees' D.C., Orders 'Emergency'

EMERGENCY WHITE HOUSE, Operation Alert, July 12 (AP)—President Eisenhower put the United States on an imaginary national emergency basis today after "fleeing" to this secret command headquarters just ahead of a "devastating" mock H-bomb attack on Washington.

Eisenhower was joined here by four other members of his family who fled the simulated attack—his wife and three of their four small grandchildren. Mrs. Eisenhower and the youngsters came by car.

The president scurried away from the capital by helicopter at 2:09 p. m. Using his much-publicized "whirlwind" for the first time, he took off from the White House south lawn and landed in mid-afternoon in this mountainous, wooded area.

The precise location of this center, which might be used by Eisenhower in the event of actual war, is a secret. But it can be said it is situated within 200 miles of Washington.

Shortly after his small blue and white helicopter put down here the president was advised that the capital's Union Railroad Station area had been hit after he left Washington by a mock five-megaton hydrogen bomb. That's a destructive power the equivalent of five million tons of TNT.

Eisenhower also got word that imaginary 20-kiloton atomic bombs had laid waste Andrews Air Force base in nearby Maryland, and big rail yards in Arlington, Va., across the Potomac River from the capital. A-bombs of that size have the equivalent of 20,000 tons of TNT and are the size of the one dropped on Hiroshima during World War II.

After an evaluation conference with key aides at this command center, the President put into effect an imaginary order inflicting the nation on an "emergency attack" national emergency basis.

The President, a staff of 20 key White House aides and 16 newsmen were airlifted here in a fleet of eight helicopters.

Food Poisoning Blamed In Death

BALTIMORE, July 12 (AP)—Police today investigated the death of a 64-year-old woman and the illness of her husband, both of whom became sick after eating some home-canned string beans.

Dr. Irvin Hyatt, the couple's physician, said it was apparent "there was food poisoning."

Dr. William Lovitt, assistant state medical examiner, said complete results of the autopsy and cause of death will not be known for about a week.

Dr. Hyatt said he was called to the home of Mr. and Mrs. John Wallace Monday evening to see Mr. Wallace who had become nauseated after eating the home-canned string beans.

Monday night, he said, Mrs. Wallace became ill and both of the elderly people began having difficulty seeing and hearing.

He ordered the couple taken to the hospital.

Wallace is in an iron lung and in serious condition, the physician added.

Italians Prove 19 Kinds Of Wine Equal Hangover

WASHINGTON, July 12 (AP)—The Italian Embassy has proved that 19 different kinds of Italian wine, plus three vermouths, equal one giant hangover.

Guests learned this unhappy morning-after lesson at a "wine festival" sponsored by the embassy to ballyhoo Italy's wines.

While an operatic soprano sang gay Italian songs, Ambassador Brosio, comedian Jimmy Durante, diplomats, socialites and wine buyers galore were given an opportunity to sample one ounce of each brand.

The flavor and bouquet of the wines, added to the festive atmosphere, encouraged many guests to sample them all.

Prominent Baltimore Businessman Dies

BALTIMORE, July 12 (AP)—John T. Galvin Jr., prominent Baltimore businessman and churchman, died at his home today after suffering a heart attack. He was 61.

A graduate of Calvert Hall College in 1912, he went to work for the Horstmeier Lumber Co. and spent his entire career with that firm, becoming president in 1944.

He was named 1948 "Lumberman of the Year" by the Retail Lumberman's Assn. of Baltimore.

He was a member of the Holy Name Society and a past president of the Reparation Society at St. Ignatius Catholic Church.

Survivors include his widow, two sons, two daughters and three brothers. Another brother, Dr. Thomas K. Galvin, prominent gynecologist, died in 1953.

Joe Cunningham, St. Louis Cardinal reserve first baseman, batted .320 and hit 11 home runs for Rochester, N. Y., in the International League in 1956.

Handbook Tells Of New Nuclear Weapons Power

WASHINGTON, July 12 (AP)—The government modernized its 7-year-old handbook on nuclear weapons today, telling of the vast devastation that could be wreaked by newer, bigger explosives.

The volume, "The Effects of Nuclear Weapons," was issued by the Defense Department and Atomic Energy Commission.

It presents the new look in terms of H-bombs of 20 million tons of energy because "it is no longer possible to describe effects in terms of a single nominal bomb" of only 20,000 tons force.

The latter was the force of the atom bombs dropped on Japan in 1945.

The guidebook reiterates the government's insistence that there is no danger of worldwide contamination from the poisonous by-products of nuclear bombs if testing continues at the present rate. And it raises the question of whether even nuclear warfare

Trio Sentenced For AFB Theft

BALTIMORE, July 12 (AP)—Three youths who admitted stealing a safe containing a \$35,000 Air National Guard payroll—all in checks—from Andrews Air Force Base last April 14 were sent to federal institutions today.

Judge R. Dorsey Watkins gave Alfred LaBree Pierce, 19, of Alexandria, Va., an indeterminate term which could run a maximum of four years.

Pierce was the civilian security guard at the National Guard operations room at the base, where the plot to take the payroll was hatched during a drinking party, it was testified.

Charles Fowler Kane, 17, of Camp Spring, Md., and Lindwood Lee Harrison, 17, of Alexandria, were sentenced under terms of the Federal Juvenile Delinquency Act. They will be released when they reach age 21.

Assistant U. S. Atty. John R. Hargrove said the youths also took a typewriter and a number of Air National Guard identification cards, which if filled out could have been used to cash the payroll checks.

The flavor and bouquet of the wines, added to the festive atmosphere, encouraged many guests to sample them all.

Maryland BPW Receive National Citation

The Maryland Federation of Business and Professional Women's Clubs won a Membership citation for new clubs, at the BPW national board meeting held in Detroit, July 6 through 10. The citation was accepted by Miss Margaret Bowers, Millington, who also served on the Resolutions committee. Miss Orpha Bonita Pritchard, first vice president of the Maryland Federation and Miss Gerardine Pritchard, state Public Affairs committee chairman, also attended from Maryland.

Announcement was made that the biennial meeting will be held in Seattle, Washington, in 1958. Seven cities extended invitations for 1960.

Approximately 600 members attended. It was pointed out that for the first time all state federation presidents attended and many vice presidents, who had been invited for training.

The national federation received two awards. One was from the Infantile Paralysis Foundation for work in furthering the program of the foundation. The other from the American Heritage Foundation, given for work last fall in getting out the vote.

Besides the regular business sessions and committee meetings other activities included a reception given by the Michigan Federation, which was attended by Governor Mennen Williams. The Michigan Civil Defense organization put on a program, demonstrating rescue work and evacuating refugees, using the BPW as the evacuees. They were taken to the West Bloomfield High School, where they were given dinner and sheltered for the night. John Griffith, state head and Mrs. Dorothy Mann, head of the women's division and member of the BPW, were in charge of the demonstration.

Another activity was "OP-Mem" operation membership, which was a series of dramatizations on membership hints, bringing out the do's and don'ts of membership, leading up to the winner of the 1958 Membership award.

One afternoon was spent at Greenfield Village, following a trip through the final assembly part of the Ford plant. At the village, supper was served in Lovett Hall and a program of folk music and square dancing were presented. The hall had been built especially so square dancing could be brought into its own by the well known caller Lovett.

Among the speakers were Dr. Harlan Hatcher, president of the University of Michigan; Mrs. Joy Wickens, deputy assistant secretary of labor for employment and manpower; Dr. Henry Davis, executive director of the National Manpower Council; Mrs. Daphne Leeds, assistant commissioner of patents, United States Patent Office; Mrs. Hazel Palmer, Missouri BPW national president; Miss Margaret P. Hyndman, Canada, president of the International BPW, and Governor Williams. Speaking about women, the latter suggested three fields in which she thought women should make their power felt: more. First he suggested making business more conscious of its moral obligation to the people; the same thing in government; and stressed the importance of the family. He indicated he had made a number of appointments for women in the state.

Miss Pritchard will make her report to the Cumberland BPW, when the general meetings are resumed September 10. The local board meeting will be held August 7.

A class of 20 girls will receive degrees at the meeting of the Order of Rainbow for Girls to night at the temple.

Twiggton Homemakers meeting scheduled for today has been postponed until July 20 at the home of Mrs. Hazel Bottenfield.

Mrs. Virginia McLaughlin, 23 Virginia Avenue, has returned home from Memorial Hospital.

Cresaptown WSCS Plans Cook Book

The WSCS of Cresaptown Methodist Church discussed compiling a cook book and sending a delegate to the School of Missions at the meeting held following a covered dish supper, Tuesday evening in the church social room. Families were entertained at the supper with approximately 25 attending.

Mrs. Raymond Crowe presided and thanked the group for the gift presented to them at the welcoming back open house. Members were asked to give their favorite recipes with their name, which the society will sell after publishing. Mrs. Julia Lewis, Local Activities chairman, is in charge of arrangements.

Miss Susan Smith was selected delegate to the School of Missions, to be held at Western Maryland College, Westminster, beginning tomorrow. It was reported 71 visits were made to the sick during the month. Mrs. Lucinda Thompson and Mrs. Pearl Broadwater were appointed the Welcoming committee for the Sunday service during the month. A report also was given that the stand for the guest register for the church will be completed this month.

A worship service was conducted by Miss Smith and the meeting closed with benediction by Rev. Crowe. The next meeting will be August 13.

Mr., Mrs. Owens To Mark Anniversary

Couple Observes Anniversary

Mr. and Mrs. Ernest Wynn Yates observed their 56th wedding anniversary quietly, with the immediate family, Wednesday evening at their home, 46 Boone Street, as the latter is not so well.

The former Miss Lelia Mae Bawden became the bride of Ernest W. Yates, son of the late Mr. and Mrs. Warfield M. Yates, July 10, 1901. The wedding ceremony was solemnized at the home of the bride's parents, Mr. and Mrs. William H. Bawden, Pennsylvania Avenue, with Rev. Thomas L. Long, pastor of Grace Methodist Church, officiating.

Mrs. Yates was born in Keyser and came to Cumberland with her parents, when a young child. Until she became ill several years ago, she was active in all church work, especially the WSCS of Grace church. Mrs. Yates served as an officer in the Federated Council of Church Women, state Legislative chairman of the Women's Christian Temperance Union, and for years was interested in the Leper Colony at Carville, La.

Mr. Yates was born in Luray, Va., and for the first five years of his marriage lived in St. Louis. The couple returned to Cumberland, where he was foreman at the Taylor Tin Plate Mill until it closed. He was a salesman for Hillcrest Cemetery from its founding until the beginning of World War II, when he went to work at the Kelly Springfield Tire Company. He retired eight years ago.

Mr. and Mrs. Yates are the parents of three children, Miss Annetta Yates, at home; William B. Yates, Takoma Park; and the late Edwin L. Yates. They have two grandchildren and five great grandchildren.

Pleasant Grove Society Meets

The monthly meeting of Women's Society of Christian Service of Pleasant Grove Methodist Church was opened with the hymn "In Christ There is No East or West," with Mrs. Harry Wilson at the organ. Scripture was read by Mrs. Harry Northcraft. Mrs. Harold Fisher, in charge of devotions, introduced as her topic "Strangers Within the Gates." Mrs. Irvin Elliott, Mrs. Samuel Clark, Mrs. Jesse Knight, and Mrs. Melvin Robinson gave readings pertaining to minority groups from foreign countries who are struggling to get ahead in America. The group sang "O, Master of the Waking World" and repeated the Lord's Prayer.

The business session, under direction of Mrs. Adolph Norris, was opened with prayer by Mrs. Louis Emerick. A festival will be held at the church grounds on August 3, beginning at 5 p. m. The public is invited to attend. The group decided to sell Christmas cards. Various reports from secretaries were given. Refreshments were served by Mrs. Harry Wilson.

Others present were: Mrs. Martin Gordon, Mrs. Leslie Hinkle, Mrs. Clare Raines, Mrs. William Shipley, and Mrs. Lenuel Yokum.

CAN YOU LAUGH
AT DUCKLINGS?

Betty can laugh at ducklings. She remembers that classic of the Ugly One who grew up to be a stately swan. Betty laughs because she understands the story. She knows that some people, like ducklings, often scorn someone who is different.

But she knows, too, from her religious training, that there are times when a person must face the scorn of others and be different. In fact, already she has found that a primary aim of Christianity is to change life for the better ... to help the individual be different so the world can be different.

Not everyone can laugh at ducklings. Some folks take quite seriously the dread of being different. For instance, there are men and women who don't attend Church, but who would like to. They simply feel awkward about breaking away from an indifference which they think is expected of them.

You can make it easy for the hungry-but-hesitant to attend Church. Always invite someone to worship with you.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Army Engineers Assure Sen. Beall, Rep. Hyde Study Will Be Started

ASSIGNED—John Dale Lohr, son of Mr. and Mrs. John E. Lohr, RFD 1, Frostburg, has completed nine weeks of Navy basic training at Bainbridge and has been assigned to Airman School at Norman, Okla. Lohr, a graduate of Beall High School, enlisted at the Cumberland Navy Recruiting Station for a period of four years.

Dog Attacks Eckhart Boy

ECKHART—Ralph Wright, 16-year-old son of Mr. and Mrs. John Wright, Eckhart, who is a paper carrier for the Times and Alleganian Company, was badly bitten by a dog while playing in a neighbor's yard Thursday afternoon.

According to reports, the Wright boy was playing with a number of other children in the yard and the dog apparently thought that someone was being hurt in a scuffle. The animal then attacked Wright. Wright was badly torn under the left arm, his neck was lacerated near the left ear and his left arm was cut below the elbow by the canine's teeth. He was taken to Miners Hospital and given immediate treatment. It required a number of sutures to close the wounds. The dog is being held pending a report from the County Health Department to ascertain whether or not it is rabid.

Announcement Ends Long Period Of Effort To Get Federal Action

KITZMILLER—A preliminary study and survey of the flood control problem here has been authorized by United States Army Engineers, US Senator J. Glenn Beall and Rep. DeWitt S. Hyde announced yesterday in a combined release. Both legislators have been working on this problem for a long period of time.

The Chief of the Army Engineers has notified Senator Beall and Congressman Hyde that the study will deal with the problem of floods caused by the North Branch of the Potomac River at Kitzmiller. The study will cover the preparation of plans and cost estimates in sufficient detail to determine whether the project is economically feasible and whether all requirements of the local corporation can be met.

According to the terminology used by the Army Engineers, such a study is known as "the preparation of a Design Memorandum."

Col. George B. Sumner, district engineer for the US Army Engineer Corps, said it will take several months to prepare the "Design Memorandum."

The completion date, as well as the future of the project, will depend to a large extent on prompt cooperation from the Town of Kitzmiller, Col. Sumner stated.

He added that the financial status of Kitzmiller will be studied to determine whether county and state aid might be needed.

Funds for the Kitzmiller project survey have been allotted under authority contained in a law passed last year to cover the construction of small flood control projects not specifically authorized by Congress.

Work on federal action on the local flood problem began several years ago while Senator Beall was congressman from this district. He made several visits to Kitzmiller and on one occasion was accompanied by two Army engineers who made an on-the-spot visual check of the situation. At that time there were no federal funds available for immediate relief, but the engineers agreed that the problem here could be acute in time of high water. They promised Sen. Beall to pursue the problem further and from time to time have made an effort to get something done.

New legislation has been passed since by Congress, to take care of small flood control projects such as the type of assistance that might be needed here. It is under this program that the engineers will make this initial study and Design Memorandum. Kitzmiller, once the largest incorporated community in Garrett County, and a thriving center of coal production, has been hard hit by flood waters on several occasions.

The worst floods were in 1924 and 1936, and the town reeled under the impact of the rushing Potomac River. Several times before and several times since, the river, at high flood level, has spread over this valley community, each time taking toll in property and street damage.

Hit by a recession in the coal industry and the repeated floods, the town has never fully recovered. However, it is still an active, proud community of staunch citizens who have continued to keep the place alive.

Economically, the community is not large enough to undertake the type of flood protection that is needed, without considerable financial and engineering assistance from outside sources. Sen. Beall, and Rep. Hyde, along with other officials have recognized this fact and have continued their efforts toward proper relief.

The river breaks from its banks at the upper end of the town, at flood tide, sweeps down through the valley flooding school grounds, most of the residential area and all the business area. Streets have been repeatedly washed out and many properties have been swept away or left as shells to be torn down or rebuilt. At a point about midway through the town, the river again breaks through at a low area, and adds to the toll of heavy water farther down through the community.

Flood-minded residents know their river and watch it in high water seasons carefully. As breakthroughs threaten, they take their families and the possessions they can carry to the hill, where they are sheltered by friends and

Railway Files New Appeal On Assessment

KEYSER—An appeal from the 1957 assessment by the Board of Public Works of its property in West Virginia has been filed here in Mineral County Circuit Court by the Western Maryland Railway through its local counsel James H. Swadley Jr.

It is a series of appeals in recent years made by the Western Maryland on the assessment of its properties in West Virginia for taxation purposes. Final briefs in the appeals from 1955 and 1956 assessments will soon be presented to Judge Ernest A. See after lengthy and complicated testimony was heard here a few months ago. A decision on those two appeals is expected about 60 days after final briefs are filed.

The Board of Public Works assessed the Western Maryland's property in the state for 1957 at \$12,500,000 which the company claims is too high.

Playground Social To Be Held July 15

FROSTBURG — Miss Joan Shuey, supervisor of the Brad-dock Playground area announced that a social will be held at the playground on July 15. All of the concessions will be open, games of all kinds will be played and a free movie will be shown following the social.

The pool will be open each afternoon, according to Miss Shuey, and handicraft projects will be taught between 1 and 2 p.m. each afternoon.

Frederick Snelson, president of the playground stated that a record hop will be held at the area on Wednesday evening for the teen agers. All of the latest hit tunes will be played, and suitable prizes will be awarded to winning dancers in each class.

Third place honors went to Mary Deffinbaugh and Mrs. D. E. Yutzky with a score of 53 with Mr. and Mrs. Roger Day's 52 points giving them fourth place.

Lonaconing Briefs

Mr. and Mrs. Harry E. Jones, and Clarence E. Jones, New Kensington, Pa., Mrs. Alice Schaidt, Cleveland, Ohio, were Homecoming guests of the Misses Mamie and Reta Jones.

Mr. and Mrs. Casper Schaidt and son, Billy, of Cleveland, Ohio, and Mr. and Mrs. Thomas Palinka, Hollywood, Fla., were guests of Mr. and Mrs. Eugene Evans.

James J. Rowan, 26 East Main Street, Lonaconing, who is attending West Virginia Tech, is visiting at his home over the weekend.

Neighbors who live on "higher and drier ground". This has happened here many times. Attempts have been made to build flood walls and the town has done an excellent job with its limited resources, but to assure permanent flood protection, a larger project is desirable.

Many residents feel that the town can grow and flourish if flood protection becomes a reality, and the announcement of the planned survey is received here with considerable interest and enthusiasm.

Building Boom May Reach New High In July

Frostburg Clerk Reports Increase

FROSTBURG — The Frostburg building boom, which for some reason dropped off during the months of April and May, picked up during June and, according to the number to building permits issued by City Clerk William Vogtman promises to hit a new high this month.

Francis J. Martin, 204 East Main Street, secured a permit for the construction of a brick veneer dwelling at 138 Mt. Pleasant Street to cost approximately \$9,500.

Richard Goldsworthy, Centennial Street extended, has secured a permit to build an addition to his present dwelling at a cost of approximately \$1,500. This project will be of frame construction to conform with his present building.

George Ewing, 148 Frost Avenue, secured permission to build an addition to his home there and Miss Anna H. Thomas, 21 Bowery Street, had a permit issued by the clerk's office for the construction of a 38 by 28-foot veneer dwelling on Soyer Street, near Bowery, at an approximate cost of \$8,000.

Elmer Smith, 131 Maple Street, requested permission to construct a frame type garage on his property at a cost of \$500 while William Willison has secured a permit to build a 30 by 20-foot concrete Workshop on his property at 170 West Mechanic Street, the cost being \$500.

William Turner, 41 Bowery Street, will begin construction on a frame dwelling, 32 by 25 feet with concrete block foundation and asphalt shingle roof on the rear of his property. This building will cost in the neighborhood of \$5,000, according to the request for permit.

Calvin Delbrook, local businessman, has secured permission to build a brick dwelling 70 by 34 feet on his property at 16-17 Washington Street at an approximate cost of \$10,000. Walter Kerr, who resides on Park Street, will shortly begin construction of a frame dwelling on Ormond Street extended at a cost of \$5,000. This home will be 42 by 26 feet, have a concrete block foundation and asphalt shingle roofing.

Farrady Post 24 Legion Auxiliary Elects Officers

FROSTBURG — Mrs. Blanche Festerman was elected president of Farrady Unit 24, American Legion Auxiliary, at the recent monthly meeting in the post home.

Other officers elected were Mrs. Angela Jackson, first vice president; Mrs. Nellie Shuck, second vice president; Mrs. Genevieve Goldsworthy, secretary; Mrs. Ruth Feree, treasurer; Mrs. Helen Blocher, chaplain; Mrs. Stella Phillips, sergeant-at-arms; Mrs. Ruth Michaels and Mrs. Daisy Thomas, colorbearers.

Mrs. Angela Jackson presided at the business meeting which featured the committee reports for the year. Plans were also completed for the Mountain District meeting to be held Sunday at 2:30 p. m. at the Legion home here.

Mrs. Jackson has urged all members to attend this session as it is the last Mountain District meeting over which Mrs. Effie Vogel, Mountain District vice president, will preside.

Piedmont Firemen Join Keyser In Stand On Answering Calls From Rural Areas

Cite Need For Tank Truck And Financial Aid

PIEDMONT—Volunteer firemen here, members of Tri-Towns Fire Company No. 1, have adopted the same policy as the Keyser Volunteer Fire Company on fire-fighting outside the corporate limits, it was disclosed yesterday.

The Tri-Towns unit will continue to answer calls in Westernport, Luke and Piedmont, and will continue its mutual aid plan and working agreement with Potomac Fire Company No. 2 at Westernport. Calls from fire companies in other communities will be answered when aid is requested.

The new policy applies only to calls in rural areas, especially brush, grass and woodland fires, the firemen said. They feel their equipment is inadequate for this type of fire and claim they need a tank truck to carry water into rural areas where water supply is limited or non-existent.

The company points out that in the past 10 years, damage to the truck on non-local calls has totaled about \$9,500. The county allows the company \$200 a year, and this, the firemen feel is far from adequate to compensate for rural coverage. They also point out that the \$200 must be spent from year to year and cannot be accumulated toward the purchase of a tank truck or for future replacement of equipment.

The firemen claim that if, as and when, a tank truck is obtained, protection to rural areas can be resumed, but in order to buy such equipment they feel financial assistance must come from sources other than the citizens of Piedmont.

In Keyser a few days ago, firemen took a similar stand and county officials replied with a statement about the funds allocated to volunteer fire companies in the county.

Keyser firemen replied to the county statement, which they said is their final "say" on the problem. Their statement follows:—

"The Keyser Fire Company has this to say, that the citizens of the county, as well as the City of Keyser may know some facts and figures.

"The Keyser Fire Company is a volunteer company and, of course, receives no compensation for its service. For 43 years they have served diligently day and night, winter and summer and they have served faithfully in protecting property and helping keep insurance rates down. To amply repay any citizen for whatever contribution he or she has made over a period of ten years to the Keyser Fire Company.

"As an example: A citizen contributed \$50.00 for the new truck in 1957. Has that citizen had his money's worth yet?

"How can a volunteer fire company fight all the grass, brush, and forest fires and have the equipment tied up and at the same time be ready to protect homes and businesses? The trucks they have are not built or equipped to fight rural fires. What is needed is a tank truck.

"Fire fighting and protection is as important to a county as roads, schools and medical attention. So why shouldn't tax money be used in fire protection? The Keyser Fire Company has answered 131 county calls since 1952 to 1957.

"The Keyser Fire Company fought 23 county fires (outside the city limits) in 1956. The average cost was less than \$10.00 a fire to the county. In 1957 to date they have fought 13 fires. Let's look at the County Court's figures. The annual county budget for fire protection is divided among nine fire companies. Out

Keyser Council Sets Ordinance For New Funds

Broad Licensing Plan Provided

KEYSER — The mayor and council of Keyser has decided on a method of securing more tax money for conducting the business of the city in the future. At a special meeting of the group Thursday, the question of revenue for the city was discussed and Mayor Richard Romig and the councilmen, after having considered revenues for operating the city decided to increase the town's income. They passed an ordinance that will affect all businesses, professions and male workers.

The tax fees will range from one dollar per clerk in stores to \$2 on utilities. The fees are set on a graduated scale, based upon the number of employees in a business.

The taxes will be collected, starting August 1, this year but as the city fiscal year operates from July 1, to June 30 each year, the first year will be one month short of the normal period.

The council and mayor believe this tax will be of great assistance to the city in conducting the business in years to come. There has not been enough revenue in the recent years to carry on business of the corporation.

If there is no protest within 10 days as is provided by law, no further action will be taken and the new proposed law will become effective immediately.

Citizens have the opportunity to file a petition within 10 days against the new ordinance, but at least 20 per cent of the registered voters of the city must sign any such petition of objection. On the basis of the vote registered at the last municipal election when only 1,711 votes were cast for mayor, it would be necessary to have 342 qualified names on the petition.

The council could, if that many objectors are registered on the petition, reconsider the ordinance. That body could vote for or against repeal of the ordinance, and if it should refuse to repeal the ordinance, then the matter would go before the voting citizens at a special or general election. A simple majority vote for it in such an election would be sufficient to pass the ordinance.

Pageant Given

PIEDMONT — First Baptist Church, Erin Street, Piedmont, sponsored a musical pageant, "The Old Ship of Zion" at the church Friday.

Guests who took part included the choirs of AME Dickinson Church, Frostburg; Walden Methodist MYF and Church of God in Christ.

Westernport Filter Plant In Operation

WESTERNPORT—The town's new filtration plant is now in operation. Chlorine in the water is being used from the building near Savage River Darn, but within a couple of days officials expect to add the chemicals needed at the plant which is in charge of Bernard Guy.

Before the regular council meeting last evening, Mayor Okey E. Michael and commissioners visited the plant.

Ground was broken for the plant on March 9, 1956. The structure was built by the George Construction Company of Cumberland, and machinery was installed by the Roberts Filter Manufacturing Company of Darby, Pa. Glace and Glace, engineering firm of Harrisburg, Pa., drew up the plans and supervised the project and Harry M. Richards, a former town commissioner, was the job inspector.

Mayor Michael said Richards job will be relinquished at the end of this week, but for any emergency work he be recalled and paid.

Lee Haines, an engineer of Glace and Glace, who made periodical inspections and reports to the Mayor and Council, stated that his firm would donate a bronze plaque containing the names of the Mayor and Commissioners. Town employees will erect the plaque at the filter plant.

West Side Doll Show Is Held

Karen Sue Browne had the largest doll in the doll show sponsored this week by the West Side playground.

The smallest doll was entered by Linda Brill while Mary Birmingham had the most unusual doll. Joyce Geatz had the prettiest doll and John Feeny had the largest colle tion.

Judges were Patricia Matthews, Kitti Koegal and Mary Nix. Next week's activities include a movie at dusk on Monday; teenage dance on Tuesday night and a picnic at noon the following day.

At 7:30 p. m. Thursday the playlot will sponsor a button show and all buttons must be mounted. From 10 a. m. until noon on Thursday there will be a special arts and crafts session with Ann Gibson.

Local Man Waives Extradition To Va.

A 36-year-old Winewor Street man yesterday waived extradition to Virginia before Associate Judge Morgan C. Harris in Allegany County Circuit Court.

Holmes Taylor was picked up by Detective Lt. James E. Van on a charge of desertion and non-support of his wife, Mary and their four daughters.

Sheriff Robert L. DeHaven of Frederick County, Va., took Taylor from the City Jail yesterday to Winchester where he will face the charges in the Juvenile and Domestic Relations Court of Frederick County.

Receives Suspended Term For Larceny

Donald B. Rice, 516 Henderson Avenue, yesterday received a suspended 60-day sentence to Allegany County Jail on a charge of petit larceny.

Trial Magistrate Donaki W. Mason suspended the sentence on Rice who was charged with taking \$80 worth of equipment from the Moyer Brothers Construction Company. Rice was arrested by Det. Lt. James E. Van.

of various types of dancing, vocal selections, monologues, instrumental numbers, band selections and other specialties.

During this variety and talent show, Miss Cresaptown and Miss Teen Queen will be crowned.

Friday evening a baked goods booth, cake walk and guess cake will be sponsored by the Cresap Homemakers Club and the Methodist Church. Also on Friday at 7 p. m. a parade will be held in Cresaptown with prizes for the best musical units. First prize is \$15 and second is \$10.

The Auxiliary units to the American Legion and Volunteer Firemen have assumed charge of the parade.

St. Ambrose Catholic Church will be in charge of booths set up for games of skill Thursday, Friday and Saturday nights. On Saturday evening at 6 o'clock a special feature will be an exhibition ball game between two Little League teams.

This week-long event is the second held in Cresaptown. The program, on a broad, community-wide scale, for the purpose of raising funds to provide a paid recreation director for the playground in the summer months. Proceeds from this year's festivities will be used to continue and broaden the program.

Joseph Wenrich is general chairman, with John Yoder co-chairman, and Mrs. Arlie Borrer, Mrs. Lester McGill and Mrs. Walter Richardson committee members.

Charles Smith, chairman of the playground committee, said the daily playground activities supervised by Kent Smith will be discontinued all next week due to the festival.

R. Dunmire Joins Staff At Celanese

Robert B. Dunmire has joined the Amcelle plant of Celanese Corporation of America as chemist in the Quality Control Section, it was announced by R. Finley Thompson, Plant Manager.

Mr. Dunmire, who was born in Vandergrift, Pa., will work in the main laboratory under the immediate supervision of H. C. Heineman, chief chemist.

After serving two years in the U. S. Army at Fort George G. Meade, he attended Thiel College in Greenville, Pa. He received a B. S. degree in chemistry there in 1950. For the next two years he taught mathematics and science at Halifax, Pa., High School.

The following year he was an associate chemist with the Celery Chemical Company near Pittsburgh.

In 1953 he enrolled in the graduate school at Florida State University at Gainesville where he was research and teaching assistant. He received an M. S. degree in chemistry from that institution in 1955 and then joined Peninsular Chemical Research, Inc., at Gainesville as research chemist for the next two years prior to joining Celanese. He is a member of the American Chemical Society.

Mr. Dunmire has established a residence at 804 Washington Street with his wife and infant daughter.

Sunday Times Will Feature Deep Creek Park

The Cumberland Sunday Times tomorrow will give "A Progress Report" on a project of interest to all Western Marylanders—the new Deep Creek Lake State Park.

A page of pictures, including a large map of the entire sprawling Deep Creek Lake section, and a story will be featured.

Tomorrow's Sunday Times will also offer a crossword puzzle for the first time.

Christmas Tree Growers To Meet

The second annual summer meeting of the Maryland Christmas Tree Growers Association will be held next Wednesday in Oakland.

Earl Raley of Deep Creek Lake, president of the association, announces that the program will be held at the Dr. A. E. Mance Christmas tree plantation. The meeting will begin at 12:30 p. m. when the members from throughout the state will get acquainted. Half an hour later a short business session will begin.

A grading discussion will ensue at 1:30 p. m. and at 2:15 p. m. Russell Denton of the Denton Evergreen Nursery, Conneaut, Ohio, will lead a general discussion.

Topics to be touched upon will include the future of the industry, marketing problems, seedling varieties and preferences.

At 4 p. m. those in attendance will make a tour of the plantation and also look over an equipment display.

planes sweeping toward the country from Alaska and Canada. The theoretical time of their arrival over Maryland was put at 2:48 p. m. (Daylight time).

Sherley Ewing, State CD director ordered the make-believe evacuation of metropolitan Baltimore at 12:12 p. m.

Residents of the heavily populated centers of Baltimore County theoretically left their homes for Howard, Harford and Anne Arundel counties in the simulated evacuation, CD headquarters said.

By 2:30 p. m., about 400,000 persons had been evacuated in the paper operation from Baltimore City and about 700,000 make-believe refugees were on the highways headed for shelter in the counties.

Midway of the paper evacuation, CD headquarters received word that the make believe "enemy" bombers would not arrive until 3:20.

The pretend bomb bursts occurred at 3:17 p. m. and were of these make-believe intensities: a 5-megaton ground burst at Friendship, a 3-megaton ground burst at Washington, a 1-megaton ground burst at Andrews and a 1-megaton air burst at Aberdeen.

The entire state had been ordered to take cover at 3:05 p. m., 12 minutes before the pretend bombs fell.

Marks Birthday

Steven Kline was honored by his parents, Mr. and Mrs. Kenneth Kline, at a party in celebration of his seventh birthday. It was held at their home, Webster Street. Games featured the entertainment and prizes were won by Edward Decker, William Spear and Stanley Twigg.

Others attending were David Deremer, Richard Kline, James Twigg, Michael Northcraft, John McDonald, Vickie Paxton, Allen Paxton, Sherry McCullough, Daniel McCullough, Nancy Twigg, William Twigg, Linda Morrell, Thomas Getz, Constance Spear, William Spear, Diane Michaels, John Blacklin and William Blacklin.

Rowan Named Chairman Of LaVale Board

The tie for chairmanship and a five-year term on the newly elected LaVale Zoning Board was settled yesterday by the Board of Allegany County Commissioners.

The commissioners voted John J. Rowan of Woodlawn, LaVale, as the chairman after Earl E. Manges, president of the Board of Allegany County Election Supervisors, and John M. Robb, its attorney, appeared.

They presented the copy of the opinion of the State Law Department that said, in effect, the tie vote created a situation whereby Rowan and C. A. Lancaster, who each polled 329 votes, were not clearly elected.

The bill calling for the LaVale zoning referendum and the creation of a board provided that if the three members were not clearly elected the county commissioners could appoint them.

The legislative act called for the top vote getter to be chairman and to serve until 1962. The second highest will serve until 1960 general election, and the third until 1958. The chairman will serve until 1958 when the membership will elect its own head.

In the opinion of the State Law Department, Gorman E. Getty, county attorney pointed out, it would be proper for the county commissioners to break the tie.

Both Rowan and Lancaster previously announced they were willing to settle the tie by any means that would make it entirely legal. The third member of the zoning board is Leslie J. Clark, who polled 326 votes.

Rowan is electrical department supervisor at Amcelle Plant of Celanese Corporation.

The zoning board now has a green light to set up regulations for District 29, with the exception of that portion that falls in the Cresaptown special taxing district.

Miller Family Holds Reunion

LONACONING — During the Homecoming Week, sixty-four members of the family of Mrs. Jessie Miller, Watercliff Street, visited her and other relatives and friends. The family had a reunion with a picnic on the lawn on the Fourth of July. This visit was the first for Mrs. T. E. Miller and children of Long Beach, Calif., to Lonaconing or the East.

The members of the family who visited were Mr. and Mrs. John J. Miller, Mr. and Mrs. John W. Miller and children, Bea Kay, Linda, Jane and Johnny, all of Dover, Ohio. Mr. and Mrs. Thomas E. Miller and daughters Carol and Rotha, and son, Thomas, Long Beach, Calif.; Mr. and Mrs. C. Vernon Chapman and daughter, Gloria, Cumberland; Mr. and Mrs. William R. Miller, Mr. and Mrs. Allen Miller and children, Judy and Allen Jr., Mr. and Mrs. Robert Miller and son, William James, of Charlevoix, Pa.

Mr. and Mrs. James M. Conrad and daughters, Linda and Sally, Cumberland; Mr. and Mrs. William O. Sutherland and sons, Jeffrey and Jimmy, East Liverpool, Ohio; Mr. and Mrs. Clarence E. Miller and sons, Jack David and Richard, Eckhart;

Eileene Morgan Wins 4-H Honor

FROSTBURG — Miss Eileene Morgan, daughter of Mrs. Ruth Morgan, 141 Frost Avenue, was named "The Spirit of 4-H" during the campfire ceremony at the annual 4-H Camp at Pleasant Valley Recreation area last week.

Four other members of the Frostburg 4-H Club also attended the camp. They are Carol Valentine, Kay Beeman, Helen Morgan and Beth Muir.

The Frostburg 4-H Club will hold its regular monthly meeting on July 15 at the Community Swimming Pool. All members will bring basket lunches, and swimming will follow the meeting.

Kelly And Union Continue Wage Talks

Wage negotiations between Kelly-Springfield Tire Company and Local 26, United Rubber Workers Union, continued each day this week.

Local 26, which represents 1,700 hourly paid workers at the Cumberland plant, is seeking the industry pattern.

Wages, which average about \$2.25 an hour, were not brought into negotiations earlier this year, which resulted in a contract that will run until May 1, 1959.

Board Grants Pay Raise For 235 County Workers

The Board of Allegany County Commissioners yesterday passed an order giving the 235 county employees ten per cent increases on their annual wages.

The order passed on by votes of Board President William H. Lemmert and Commissioner James Orr (Commissioner C. N. Wilkinson was not present yesterday) notes that provision for the pay hike was made in the levy for the 1957-58 fiscal year.

The boost is termed in the order as "standard of living adjustments."

The order also notes that this pay boost has been accomplished without an increase in the county tax rate of \$2.05 per \$100 of assessed valuation of property.

It was also observed that no salary adjustments had been made for county employees since 1955.

Effective July 1, the salary of each county officer or employee not limited or fixed by statute is to be increased. It is based on the salary paid the employee prior to July 1.

Lemmert pointed out that there will be some adjustments made in the wages being received by some county employees. There are some inequities existing and Lemmert said these will be ironed out.

He also added the county commissioners will put into effect vacation and sick leave provisions.

These will be correlated and when the Civil Service Board finishes its lists of rules and regulations for county employees who come under the merit system.

Correction Is Made By Board

The minutes of Tuesday's meeting of the Board of Allegany County Commissioners were clarified yesterday concerning a motion by Commissioner C. N. Wilkinson.

Tuesday, Wilkinson made a motion that the county board allocate an additional \$1,000 to the Friends Aware of Handicapped Children.

The minutes as read by James Stevenson, clerk to the board, said the motion died for the want of a second.

But Board President William H. Lemmert said the matter was referred to County Attorney Gorman E. Getty for a legal opinion as to whether the commissioners could contribute.

The Friends Aware work is tied in with Board of Education special classes at LaVale and Frostburg, it was pointed out, and Lemmert said a decision is desirable before acting.

The law gives the board authority to contribute an amount not to exceed \$500 to Friends Aware, an organization that assists handicapped children.

Dr. B. F. Mitchell Named To Board

PETERSBURG—Dr. B. F. Mitchell of Petersburg has been appointed a member of the West Virginia Board of Optometry for a term of three years, effective last Monday and ending June 30, 1960, by Governor Cecil H. Underwood.

Dr. Mitchell, who is a son of the late Mr. and Mrs. B. F. Mitchell, is a graduate of Randolph Macon Military Academy, Front Royal, Va.; Washington-Jefferson College, Washington, Pa., and the Pennsylvania School of Optometry, Philadelphia.

He served his internship at Philadelphia eye clinics.

He is married to the former Dorothy Barnard of Cumberland, and has been engaged in the practice of optometry here for about three years.

Lodge To Honor Joseph H. Morton

LONACONING — In honor of Joseph H. Morton, Furnace Street, who has obtained a number of new members in Lonaconing's Knights of Pythias lodge, a new class will be taken into membership on Wednesday, July 31.

Mr. Morton, who is active in community recreation for the young people and who supports sports and baseball for the Lonaconing boys, has been instrumental in obtaining a rapid increase in membership in the Rising Sun Lodge, Knights of Pythias.

Remove Banners

LONACONING — Good Will Volunteer Fire Company No. 1, Lonaconing, took down the street banners which were used during Homecoming Week, on Thursday evening. Members of the fire company assisted in removing the red, white and blue flags from the streets.

Picnic Today

KEYSER—The Methodist Sub-District Youth voted, at a meeting held a recent evening at Fort Ashby, to have a picnic at Cross Methodist Church grounds, near Piedmont today. The picnic is scheduled to get under way at 5:30 p. m. with a picnic supper at 6:30 p. m.

State School Head Requests College Funds

State School Superintendent Thomas G. Pullen Jr. appeared before the Maryland Planning Commission in Baltimore Thursday to back Department of Education requests for \$4,423,100, including \$757,400 earmarked for Frostburg State Teachers College, to expand and improve facilities at the state's teacher colleges.

Listed among projects and total estimated costs on improvements at FSTC are:

Purchase of 13 houses, service station and lot, \$130,000; preliminary plans for Women's Residence Hall, \$4,000 each; equipment for College Laboratory School, \$32,300; complete third floors in residence halls, \$14,000; south campus grading, drainage and site improvement, \$145,000.

Addition to Science Building (six rooms, storage and offices), \$198,600; remodeling of first floor of old dormitory (chapel, living, game and snack rooms, infirmary, physician's and nurse quarters and supervisor's quarters), \$99,500; remodeling old Science Building (maintenance department, paint, metal and woodwork shops, electrical work and garage), \$54,000; grading, drainage and site improvements in the dining hall and Laboratory School areas, \$45,000 and lighting campus, \$5,000 for a total of \$731,400.

R. Bowen Hardesty, president of the Frostburg college, released the above estimates before leaving for New York.

The Department of Education was among 10 State agencies and institutions which asked the planning commission to approve requests totaling \$78,499,400, with \$24,631,900 of this labeled "urgent" and the rest "deferable."

The others:

University of Maryland — \$5,092,600 urgent; \$19,535,400 deferrable.

Department of Mental Hygiene — \$8,294,100; \$11,221,800.

Department of Public Welfare — \$2,379,200; \$607,700.

Department of Correction — \$1,087,100; \$6,731,300.

Morgan State College — \$1,097,000; \$4,010,100.

Department of Health — \$216,000; (none deferrable).

Maryland School for the Deaf — \$46,800; (none deferrable).

Judge Upholds Jury Decision

Judge Morgan C. Harris yesterday denied a motion for a judgment notwithstanding the verdict of an Allegany County jury in the case of a construction worker who injured his back.

W. Earle Cobey and C. William Gilchrist, attorneys for the Baughman Construction Company and its insurer, the Harford Accident and Indemnity Company, filed the motion this morning in the case of Clarence Mellott, 59, Valley Road.

A jury decided that Mellott suffered 60 per cent permanent disability as a result of a back injury suffered when he slipped while carrying a joint of pipe, while working for Baughman. The judge's action upholds the jury.

The testimony showed in the Circuit Court hearing that Mellott had hurt his back several years ago while working at Laurel.

His back got well, the court case records showed, but the latest injury was in a different part of the spine than the first.

The jury then awarded Mellott the 60 per cent permanent total disability claim.

The case came into Circuit Court when Mellott and his attorneys, Edward J. Ryan and William L. Wilson, appealed a decision of the State Industrial Accident Commission.

The commission had ruled that Mellott suffered only five per cent permanent total disability from his latest back injury.

Writing Compromise

TAIPEI, July 12 (AP)—Formosa school officials have been beaten down on their demand that high school candidates must use the Chinese style writing brush in answering questions on literature.

Their idea was to deduct 10 per cent from marks of pupils using Western style pens or pencils.

Parents and press led the outcry against the officials but agreed to a compromise: All grade school pupils will be taught both styles.

State School Head Requests College Funds

State School Superintendent Thomas G. Pullen Jr. appeared before the Maryland Planning Commission in Baltimore Thursday to back Department of Education requests for \$4,423,100, including \$757,400 earmarked for Frostburg State Teachers College, to expand and improve facilities at the state's teacher colleges.

Listed among projects and total estimated costs on improvements at FSTC are:

Purchase of 13 houses, service station and lot, \$130,000; preliminary plans for Women's Residence Hall, \$4,000 each; equipment for College Laboratory School, \$32,300; complete third floors in residence halls, \$14,000; south campus grading, drainage and site improvement, \$145,000.

Addition to Science Building (six rooms, storage and offices), \$198,600; remodeling of first floor of old dormitory (chapel, living, game and snack rooms, infirmary, physician's and nurse quarters and supervisor's quarters), \$99,500; remodeling old Science Building (maintenance department, paint, metal and woodwork shops, electrical work and garage), \$54,000; grading, drainage and site improvements in the dining hall and Laboratory School areas, \$45,000 and lighting campus, \$5,000 for a total of \$731,400.

R. Bowen Hardesty, president of the Frostburg college, released the above estimates before leaving for New York.

The Department of Education was among 10 State agencies and institutions which asked the planning commission to approve requests totaling \$78,499,400, with \$24,631,900 of this labeled "urgent" and the rest "deferable."

The others:

University of Maryland — \$5,092,600 urgent; \$19,535,400 deferrable.

Department of Mental Hygiene — \$8,294,100; \$11,221,800.

Department of Public Welfare — \$2,379,200; \$607,700.

Department of Forests and Parks — \$1,555,700; \$824,100.

Department of Correction — \$1,087,100; \$6,731,300.

Morgan State College — \$1,097,000; \$4,010,100.

Department of Health — \$216,000; (none deferrable).

Maryland School for the Deaf — \$46,800; (none deferrable).

Berkeley County Compromises On Problem Of Time

MARTINSBURG, W. Va., July 12 (INS) — Time marches on but out-of-step in Berkeley County.

County fathers here have come up with a unique compromise for one hour of Daylight Saving Time.

Called upon to arbitrate the annual conflict between advocates of (EST) and (DST), they introduced "Standard Saving Time."

Berkeley county clocks have been moved back 30 minutes instead of DST's usual one hour.

Simmons Heads Petersburg Lions

PETERSBURG — The Petersburg Lions Club installed the following officers at a recent meeting at the Hermitage Hotel:

Jettie Simmons, president; Richard Smith, first vice president; K. C. Van Meter Jr., second vice president; Charles Alt, third vice president; John McDonald, secretary - treasurer; Charles Park, tail twister; Reggie Smith, lion tamer; Herman Parsons, John Hyre, Lowell Alt and Russell Hedrick, directors.

A past president's button was presented to Lion Judy, retiring president, by Simmons. Harry Arnold was inducted into the club as a new member.

Episcopal Women Plan Dinners

MT. SAVAGE — The Women's Auxiliary of St. George's Episcopal Church met recently in the Guild room at which time plans were made to serve a dinner to the Eastern Star members.

A movie was shown on the work in Japan under the direction of the educational chairman, Mrs. John W. Cunningham. Hostesses were Mrs. Stoner Beggs, Mrs. George Nader and Miss Mary Lemmert. The next meeting will be held July 22 at which time the auxiliary will have their summer covered dish supper in the parish garden.

Keeping Up With Hollywood

By LOUELLA PARSONS

HOLLYWOOD, July 12 (INS)—Life is gr-a-a-and for Nat King Cole these days. Not only is his new half hour TV show flourishing, but he has himself a choice role at Paramount.

Nat will play W. C. Handy, father of the "blues," who is still alive at the age of 84. Handy, who is blind, wrote "St. Louis Blues," "Harlem Blues," "Baseball Blues," "Memphis Blues"—he had almost a monopoly on this type tune.

Robert Smith, who will produce Nat's epic, is trying to get Eartha Kitt and Pearl Bailey, and between you and me, this picture ought to be a humdinger.

Oh, yes, I nearly forgot, Nat opens at the Coconut Grove July 17. Aside from that he has nothing to do.

While Boris Morros was in Europe acting as a counter-espionage agent for our country he quietly lined up a fascinating TV series. He made agreements with 30 of the 60 living Nobel prize winners in Europe to allow him to film biographical sketches of their lives and accomplishments.

One of Boris' friends confides that forthcoming revelations about Communists are so incredible that no one could believe them except that they will be officially released by the U. S. government.

crazy and really just like a little girl. She brought her sister Julie, 19, who is married to Henry Hurt, to my house. Julie is expecting a baby. "Just three weeks before I knew I was going to have a baby," said Shirley. "I sent her all my maternity clothes."

There were some motion picture people here and Shirley asked if she could get their autographs. Being Red Foley's daughter it isn't surprising that Shirley possesses a very sweet singing voice. After she has her baby she's going to make some recordings for Dot. Shirley is counting the hours until Pat returns from Kentucky where he's on location.

Snapshots of Hollywood collected at random:

Lynn Dollar, lovely on the "64,000 Question" commercials, whispered in Ed (Harwyn Club) Wynn's ear that she'll wed actor Doug Rodgers July 13 at Lake Waccabuc, New York.

Dr. Marc Rabwin, noted sur-

geon, who recently underwent surgery himself at Cedars of Lebanon Hospital, is home and raring to go.

A surprise for Rock Hudson. His Phyllis has leased a house near Malibu and will furnish it before her husband returns.

Good to see composer Jimmy Van Heusen at a party after his painful spinal illness. He was

with Nora Eddington Haymes, who devoted herself to making him comfortable.

Shelley Winters is discussing a Broadway play with Mike Gazzo, author of "Hatful of Rain," the

play in which she shared honors with her current bridegroom, Anthony Franciosa.

That's all today. See you Monday.

DAILY CRYPTOQUOTE — Here's how to work it: AXYDLBAAXR is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Secrets Of Charm by John Robert Powers

Head Start

A certain famous beauty authority stands on her head every day; and, although she's in her 70's, she could easily pass for 45! Her complexion is as flawless as a young girl's. And it's this turning upside down that works wonders for her! Try it yourself!

Standing on the head isn't easy; it does require practice. Even children, who are very nimble, have to try a number of times before they make it. But once you get the knack of it, it's really very simple.

However, if you would prefer not to try the up-and-over routine, there are some more simple methods to get the blood to your head. For instance, each evening, when you brush your hair, hang

Motors And Steels Lead Market To New 1957 High

NEW YORK, July 12 (AP)—A late rally paced by motors and steels pushed the stock market today to its third new 1957 high of the week and brought it a step closer to its historic bull market peak.

Based on the rise in the average, an estimated 1 1/4 billion dollars was added to the quoted value of stocks listed on the New York Stock Exchange.

Motors turned higher around mid-session. Then trading was suspended for a half hour as the exchange participated in the air raid alert.

Whether this brief siesta gave investors a fresh outlook cannot be answered, but the facts are that immediately thereafter steels became brisk and higher. Rails, base metals, rubbers, some chemicals and a variety of selected issues joined in the rally.

The Associated Press average of 60 stocks rose \$1.00 to a new '57 high of \$188.80 with the industrials up \$1.50 to another new historic high, the rails up 60 cents and the utilities up 40 cents.

Of 1,169 issues traded, gains outnumbered losses by 473 to 410. There were 43 new 1957 highs and 30 new lows.

Volume, reduced by the air raid alert, totaled 2,240,000 shares compared with 2,830,000 yesterday.
